MUD Organizational Membership Information

Updated: January 2021

Organizational memberships are a way for MUD to support local nonprofits and businesses with a need for MUD tools for their on-site projects.

- Annual Cost: \$175 for for-profit businesses and \$75 for nonprofit organizations
 - If you are an educator that would like access to tools for your students, please contact us for more information
- Membership cards for up to three employees
- Includes use of the MUD Truck (with our standard fee of \$5/hour and \$0.55/mile)

How it works:

1. A representative from your organization will come to the Tool Library to create an account and sign our Tool Library Rules and Liability Waiver.
2. Choose the three employees that you would like to include for the membership and we'll get them cards with their names and a shared business ID number.
3. Tools can only be used for projects related directly to the nonprofit or business.
4. This membership is not for the employees to use for their personal home projects or for a nonprofit or business to use in the course of their daily operations/as a part of their business (e. g. this membership is not to be used by a construction company to use tools to perform their business).
5. If you are interested in purchasing memberships for your employees' personal use please contact us at info@mudproject.org.

If this membership does not quite fit your needs please contact us. We may be able to work with you to make a plan that works for your nonprofit or business.
